JUNE, 2023

FOREWORD

The importance of statistics in informing planning and monitoring of government programmes cannot be over emphasised. We need to know where we are, determine where we want to reach and also know whether we have reached there. The monitoring of socio-economic progress is not possible without measuring how we progress and establishing whether human, financial and other resources are being used efficiently.

However, these statistics have in many occasions been national in outlook and less district specific. The development of a district-based Statistical Abstract shall go a long way to solve this gap and provide district tailored statistics and will reflect the peculiar nature of the district by looking at specific statistics which would not be possible to provide at a higher level.

Data and statistics are required for designing, planning, implementing, monitoring and evaluating development programmes. For instance, statistics on school enrolment, completion rates and dropout rates e.t.c are vital in the monitoring of Universal Primary Education (UPE) and Universal Secondary Education (USE) programmes. Statistics are also needed for establishing grant aid to community schools, staff levels and other investments in the seducation programmes. The collection and use of statistics and performance indicators is critical for both the successful management and operation of the sectors, including Lower Local Governments.

For data to inform planning and service delivery it should be effectively disseminated to the various users and stakeholders. The initiative to compile this District Statistical Abstract is therefore an effort to support the Planning function of the Local Governments and other users interested in the Higher Local Government (HLG) statistics.

This District Statistical Abstract will go a long way in guiding District Policy makers, Planners, Researchers and other stakeholders to identify the indicators that are relevant for planning, monitoring and evaluation of Government programmes in their jurisdiction.

Lastly, I wish to thank the Uganda Bureau of Statistics (UBOS) for the continued Technical support to Tororo District. I wish to thank all my Technical staff for the compilation of the Statistics and Information contained in this Abstract.

OKEA JOHN
DISTRICT CHAIRPERSON-TORORO

PREFACE

The Statistical Abstract for Tororo district Local Government compiled for the Financial Year 2022/2023 is the standard summary of the social, political, and economic statistics of the district. It is designed to serve as a convenient volume for statistical reference and as a guide to other statistical publications and sources by stakeholders who need information for various engagements.

This volume includes a selection of data from user departments within Tororo District Local Government, and partner organizations constituted in respective chapters. Chapter one is the Introductory section of the abstract in-relation to the district, Chapter two is Administration department, Chapter three is Finance Department, chapter four is internal audit, chapter five is Production and Marketing, Chapter six is health department, Chapter seven is Education and sports department, chapter eight is Natural resources department, chapter nine is works and technical services, Chapter eleven entails department of community based services and Chapter twelve entails planning department.

The Statistical Abstract primarily comprises of the institutional data, presented in tables on Indicators for the departments therein.

The Statistics in this edition are generally for the financial year 2022/2023 and some previous financial years where statistics are required.

I appeal to policy makers, researchers, academicians to make extensive use of this information for evidence based decision making at different levels of service delivery. Together we can improve service delivery and create a better Tororo.

TABLE OF CONTENTS

FOREWORD	ii
PREFACE	iii
TABLE OF CONTENTS.....	iv
LIST OF TABLES	xiii
LIST OF FIGURES	xviii
ACRONYMS	xix
GLOSSARY	xxi
ACKNOWLEDGEMENTS	xxii
EXECUTIVE SUMMARY	xxiii
National standard indicator framework	xxvii
CHAPTER ONE	1
INTRODUCTION.....	1
1.0 Background.....	1
1.1 Profile of The Local Government	1
1.1.1 Location and Size of The Local Government	1
1.1.2 Historical profile	1
1.1.3 Geographical profile	1
1.1.3.1 Climate	1
1.1.3.2 Topography	1
1.1.3.3 Geology	1
1.1.4 Population and Demographics	2
1.1.5 Economic profile.....	2
1.2 Administrative structure of the LG	3
1.3 Financing Framework	5
1.4 Central Government Transfers.....	5
1.5 External Financing.....	6
1.6 Summary of programme cost for the five years.....	7
1.7 Summary of the project costs.....	7
1.8 Resource mobilisation strategies.....	7
1.8.1 Need for fiscal autonomy of local governments	7

CHAPTER TWO	10
ADMINISTRATION DEPARTMENT	10
2.1 Introduction.....	10
2.2 NDP III Programmes	10
2.2.1 Governance and Security Programme.....	10
2.2.2 Public Sector Transformation.....	11
2.2.3 Administration of Justice	11
2.2.4 Legislature.....	11
2.2.5 Digital Transformation.....	12
2.2.6 Human Capital Development.....	12
2.3 Local Government Service Delivery	14
2.3.1 Administrative Structure	14
2.3.2 Staffing Levels in The LG Technical Wing.....	14
2.3.3 : Staffing levels in the LG- Political wing, boards and commissions	14
2.3.4 Civil Registration in the LG, By Subcounty	14
2.4 Governance and Security Programme	15
2.4.1 Crime in The Local Government	15
2.5 Administration of Justice in the LG.....	16
2.5.1 JLOS Service Points	16
2.5.2 LC I Courts	17
2.5.3 Connections to National Back-bone Infrastructure	18
2.6 Other Government institutions.....	18
2.7 Conclusion	18
CHAPTER THREE	19
FINANCE DEPARTMENT	19
3.1 Introduction.....	19
3.2 NDP III programmes.....	19
3.2.1 Development Plan Implementation.....	19
3.3 Local Government Service Delivery	20
3.4 Development Plan Implementation.....	20
3.4.1 Revenue Sources And Amounts For 5 FYs	20
3.4.2 Percentage of budget released against originally approved budget for FY 2022/2023..	21
3.4.3 Percentage of Funds Absorbed Against Funds Released-Graph/Table	

FY 2022/2023	22
3.4.4 Percentage Growth In Taxpayer Register- Insert Line Graph For The Last 5 FYs ..	22
3.5 : Conclusion	22
CHAPTER FOUR.....	23
INTERNAL AUDIT.....	23
4.0 Introduction.....	23
4.1.1 Key Audit Objectives	23
4.1.2 The Role and Responsibilities/Functions of The Internal Audit in The Vote	23
4.1.3 The Strategic Direction of the Department as Highlighted in The LGDP	24
4.2 NDP III Programme	24
4.2.1 Development Plan Implementation.....	24
4.3 Local Government Service Delivery	24
4.3.1 Institutions Audited	24
4.3.2 Audit Responses.....	24
4.4 Development Plan Implementation.....	24
4.5 Conclusion	25
CHAPTER FIVE	26
PRODUCTION AND MARKETING	26
5.1 Introduction.....	26
5.1.1 Mandate and Key Functions of The Department	26
5.1.2 Overall Objective of the Department	26
5.1.3 Strategic Direction of Department	26
5.2 NDP 3 Programmes	27
5.2.1 Agro-Industrialisation	27
5.3 Local Government Service Delivery	27
5.3.1 Staffing for Agriculture	28
5.3.2 Common Pests and Diseases	29
5.3.3 Livestock in the Local Government	29
5.3.4 Livestock (cows) slaughter.....	29
5.3.5 Milk plants.....	29
5.3.6 Livestock diseases	30
5.3.7 Veterinary Drug Shops.....	30
5.3.8 Fisheries	31

5.3.9	Major landing sites and annual fish catch.	31
5.3.10	Entomology	31
5.3.11	Agriculture projects.....	32
5.3.12	Agriculture marketing	33
5.4	Agro-industrialisation	33
5.4.1	Production volumes.....	33
5.4.2	Land area under irrigation	33
5.4.3	Livestock Water Facilities.....	34
5.4.4	Demonstration Sites	35
5.4.5	Farmer Groups.....	37
5.4.6	Agro-Inputs	37
5.4.7	Extension Services	38
5.4.8	Storage Facilities	38
5.5	Conclusion	38
CHAPTER SIX		39
HEALTH SERVICES		39
6.1	Introduction.....	39
6.1.1	Mandate of The Department,	39
6.1.2	Key Functions and Sections Under That Department,	39
6.1.2.1	District Health Officer.....	39
6.1.2.2	ADHO, MCH	39
6.1.2.3	ADHO EH.....	39
6.1.2.3	Resource centre	39
6.1.2.4	Sector Accountant	39
6.1.2.5	DCCT.	39
6.1.2.6	Stores.....	39
6.1.2.7	Health Promotion and Education	39
6.1.2.8	DTLS.....	39
6.2	NDP III Programmes	39
6.2.1	Human Capital Development.....	39
6.3	Local Government Service Delivery	40
6.3.1	Human Resources for Health	40
6.3.2	Functional Health Care Facilities.....	41

6.3.3	Health Services Accessibility Indicators	41
6.3.4	HIV/AIDS	42
6.3.5	HCT Services Provided	43
6.3.6	Number of ART services-beneficiaries by sex	43
6.3.7	Anti-retroviral drug administration	45
6.3.8	Labour and delivery care	45
6.3.9	Drug Inspection	46
6.4	Human Capital Development.....	46
6.4.1	Morbidity.....	46
6.4.2	Incidence of Illness.....	47
6.4.3	Mortality.....	48
6.4.3.1	Top Ten Leading Causes Of Mortality In The LG- Pie Chart	48
6.4.4	Immunization	49
6.4.5	Access to safe water (rural & urban) by sub county	49
6.4.6	Village Health Teams.....	49
6.5	: Conclusion	50
CHAPTER SEVEN.....		51
EDUCATION AND SPORTS.....		51
7.1	Introduction.....	51
7.2	NDP III Programmes	51
7.2.1	Human Capital Development	51
7.3	Local Government Service Delivery	51
7.3.2	Number of Education Institutions	51
7.3.3	Human Resource for Education	52
7.3.3.4	Education Infrastructure	54
7.3.3.5	Performance in National examinations	55
7.3.3.6	School inspections.....	56
7.3.3.7	Sports.....	56
7.4	Human capital development	57
7.4.1	Enrolment.....	57
7.4.2	Science education.....	59
7.5	Conclusion	59

CHAPTER EIGHT	60
NATURAL RESOURCES	60
8.1 Introduction.....	60
8.1.1 Departmental Vision	60
8.1.2 Mission.....	60
8.1.3 Goal	60
8.1.4 Roles of Department.....	60
8.1.5 The Department Contributes to the following program	60
8.2 NDP III Programmes	60
8.2.1 Mineral Development.....	60
8.2.1.1 : The Key expected results of the programme include:.....	61
8.2.2: Natural Resources, Environment, Climate Change, Land and Water Management .61	
8.2.2.1 Key expected results include the following	61
8.2.3 Regional Development.....	61
8.2.3.1: The objectives of this programme are to:	61
8.2.4 Sustainable Urbanization and Housing	61
8.2.4.1 : The key results to be achieved are:	61
8.3 : Local Government Service Delivery	62
8.3.1 : Access to Safe Water	62
8.3.2 Connections to water.....	62
8.3.2.1 Rural water	62
8.3.2.1 Percentage of Rural Water Point Source Functional.....	64
8.3.3 Environmental Sanitation Infrastructure	64
8.3.4 Forestry.....	65
8.3.5 Wetlands and water bodies.....	66
8.4 Mineral development	66
8.4.1 Mining activities and number of people employed in the LG	66
8.4.2 Volume of Minerals Extracted	67
8.4.3 Mining Sites And Host Communities	67
8.5 Natural Resources, Environment, Climate Change, Land and Water Management.....	67
8.5.1 Land Management.....	67
8.5.2 Sanitation.....	69
8.6 Sustainable Urbanization and Housing	69

8.7	Conclusion	69
CHAPTER NINE		70
TRADE, INVESTMENT AND LOCAL ECONOMIC DEVELOPMENT		70
9.1	Introduction.....	70
9.1.1	Mandate.....	70
9.1.2	Vision, Mission & Goal	70
9.1.2.1	Vision:.....	70
9.1.2.2	Mission:.....	70
9.1.2.3	Goal	70
9.1.3	Objectives.....	70
9.1.4	Sections Within the Department	70
9.1.5	Key Functions	71
9.2	NDP III Programmes	71
9.2.1	Tourism Development.....	71
9.2.2	Manufacturing	71
9.2.3	Private Sector Development;.....	71
9.2.4	Innovation, Technology Development And Transfer	72
9.3	Local Government Service Delivery	72
9.3.1	Local Economic Development.....	72
9.3.1.1	Local Economic Enterprises By Location And Type.....	72
9.3.1.2	Value Addition	73
9.3.1.3	Cooperatives.....	73
9.3.1.5	Marketing	74
9.3.2	Manufacturing	74
9.3.3	Tourism Development.....	75
9.3.3.1	Tourism Promotion	76
9.3.4	Private Sector Development.....	76
9.3.4.1	Businesses Registered by Activity-.....	76
9.4	Conclusion	76
CHAPTER TEN.....		77
WORKS AND TECHNICAL SERVICES		77
10.1	Introduction.....	77

10.1.1	Mandate of the Department	77
10.2	NDP III Programmes	77
10.2.1	Integrated Transport Infrastructure and Services	77
10.2.2	Sustainable Urbanization and Housing	77
10.2.3	Agro-Industrialization	77
10.2.4	Regional Development	77
10.3	Local Government Service Delivery	78
10.3.1	Planned Roads by Name and Status	78
10.3.2	Length and Condition of Roads	78
10.3.3	Roads Rehabilitated and Maintained	78
10.3.4	LG Office Blocks	81
10.3.5	Mechanical (Vehicles And Plants)	81
10.3.6	Point water sources	82
10.4	Conclusion	82
CHAPTER ELEVEN		83
COMMUNITY BASED SERVICES		83
11.1	Introduction	83
11.2	NDP III Programmes	84
11.2.1	Community Mobilisation and Mind-Set Change	84
11.2.2	Administration of Justice	84
11.2.3	Human Capital Development	84
11.3	Local Government Service Delivery	84
11.3.1	General Community Development Issues	85
11.3.2	Cases of violence in the LG	86
11.3.3	Orphans And Other Vulnerable Children	86
11.3.4	Distribution of the Elderly by Sub-County	88
11.3.5	Percentage accessing SAGE per LLGs	89
11.3.6	Staffing for Community Development	89
11.4	Human Capital Development	90
11.4.1	Children in the LG	90
11.4.2	Proportion of Youth Empowered Under YLP By Sub-County	91
11.5	Community Mobilisation and Mind-Set Change	91

11.6 Conclusion	92
CHAPTER TWELVE	93
PLANNING DEPARTMENT	93
12.1 Introduction.....	93
12.1.1 Specific Objectives.....	93
12.2 NDP III Programmes	93
12.2.1 Development Plan Implementation.....	93
12.2.2 Regional Development.....	93
12.2.3 Public sector transformation.....	93
12.3 Local Government Service Delivery	94
12.3.1 Population Density	94
12.3.2 Urbanisation Rates and Levels	94
12.3.3 Refugee Population	94
12.4 Development Plan Implementation.....	94
12.4.1 Community Projects.....	94
12.4.2 Proportion of Projects Implemented on Budget.....	94
12.5 Regional Development.....	95
12.5.1 Poverty Rates.....	95
12.6 Public Sector Transformation	95
12.6.1 Annual NDP Compliance Score-line graph	95
12.7 Conclusion	95

GLOSSARY

- Population : A discrete assemblage of entities with identifiable characteristics such as people, animals among other assemblages.
- Birth : This refers to start of life of a baby from body of its mother
- Death : This refers to fact of end of life of a person or organism
- Mortality : This refers to state of being subject to death
- Morbidity : This refers to the condition of suffering from a disease.
- Budget : This is an estimate of income and expenditure for a set period of time.
- Incidence : This refers to occurrence, rate, or frequency of a disease or crime.
- Framework : A set of concepts and organizing principles which support the compilation and presentation of statistics

ACKNOWLEDGEMENTS

Tororo District is committed to the production and dissemination of integrated statistical information that meet the National standards quality requirements.

The Statistical Abstract will act as an aggregation of statistics from all sectors and also information originating from NGOs and other organisations. This Statistical Abstract, therefore, is an annual snapshot documentation of the Tororo District situation, providing a continuous update of the district statistical status.

It is my sincere hope that the document will provide all interested users with adequate information to make informed decisions. We welcome constructive comments from stakeholders that aim at enhancing the quality of its future publications.

I acknowledge the contributions from Uganda Bureau Of Statistics for facilitating the production of the statistical abstract through the technical support and guidance to the district staff, formulation of standardized template to aid in compilation of the statistical abstract, I am also indebted to the staff of the District Planning Department for the coordination and support provided during the process of compiling this statistical abstract and to ensure it is produced.

Copies of this document are available at the district headquarters and the Uganda Bureau of Statistics office.

Sincere gratitude goes to all user departments of Tororo District Local government such as Administration, Education, Production and Marketing, Health, Natural Resources, Works and Technical Services, Community Based Services, Statutory bodies, Finance and Internal Audit; departments that made the compilation of this Abstract possible by cooperatively populating their respective chapters therein.

Furthermore, I also acknowledge all other institutions and implementing partners that contributed data that enriched the Abstract such as the International Justice Mission (IJM), NIRA. We thank you all for the prominent contribution and cooperation exhibited towards the compilation of this statistical abstract.

Lastly, I commend Planning department for the tireless efforts in coordination of all other departments to see that this publication is compiled.

ATAMA GABRIEL RICHARD
CHIEF ADMINSTRATIVE OFFICER- TORORO

EXECUTIVE SUMMARY

The Statistical Abstract is an annual publication compiled and provides the statistical summary on various socio-economic indicators for the district for a Financial Year for this case (FY) 2022/23 data presented in this edition are provisional and could be revised in subsequent compilations. Similarly, some figures in this abstract edition may vary from those in the earlier editions due to the updates that have taken place. Besides, the names and numbers of administrative units has been increasing.

This publication is divided into twelve chapters which are all preceded by a glossary of definitions and by general information of the district. The breakdown of the chapters are as follows;

Chapter one comprises of profile of district, that is the location and Size of the Local Government, historical Profile (Year created, significant changes that have occurred, major landmarks, geographical Profile (Climate, Vegetation, Topology, Mineral resources, soils, water bodies, population and Demographics that is the projected total population, sex ratio, rural & urban population, average household size, LG population as share of Uganda's population among others, economic Profile that is the sources of livelihood, Main economic activities, poverty rates among others, administrative Structure Of the LG that is number of town councils/sub-counties, parishes/wards, villages, staffing status-technical and political wing, composition of statutory bodies and lastly the financing Framework that is the Revenue sources, budgetary allocations, sectoral expenditures for FY 2022/23

Chapter two constitutes information about Administration department, NDP III programmes the department responds such as Governance and security programme, Public sector transformation, administration of justice, legislature, digital transformation, and human capital development, Status of Local Government Service Delivery, administrative structures of the district, staffing levels both in the LG- Technical Wing, Civil registration in the LG by Subcounty, crime in the Local Government, JLOS Service Points and LC I Courts in the district.

Chapter three entails Finance Department; the NDP III programmes the department responds, budgetary allocations by departments for FY 2022/2023, Revenue Sources and Amounts for 5 FYs, percentage of budget released against originally approved budget-Graph/ Table (2022/2023), and percentage of funds absorbed against funds released-Graph/table (2022/2023)

Chapter Four Entails Internal Audit Department; the NDP III Programme the department responds, Institutions Audited and their respective Audit responses as well as the audit Findings

Chapter Five entails Production and Marketing Department; the mandate of the Department, Key functions and sections under that department, the strategic direction of the department as

highlighted in the LGDP, NDP III Programmes the department responds to, staffing for Agriculture, common Pests and Diseases, livestock in the Local Government, livestock (Cows) Slaughter, livestock Diseases, veterinary Drug shops , fisheries section among others.

Chapter Six entails Health Services department; Anti-retroviral Drug Administration, labour and delivery care, top ten leading causes of sickness/morbidity, top ten leading causes of mortality in the LG, and access to safe water (rural & urban) by sub county among others.

Chapter Seven entails education and sports department; Mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP, the NDP III Programmes the department responds to, number of education Institutions, human resource for education, no. of Teachers and Pupils by Gender in Government Aided Primary Schools (2022), education Infrastructure, performance in National Examinations, school Inspections, sports, primary School enrolment by class, secondary school enrolment by Class, percentage of orphans to total enrolment by education level, 2018 – 2022, and science education facilities in the district among others.

Chapter eight consists of department of Natural Resources; Mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP, the NDP III Programmes the department responds to, proportion of population using safely managed drinking water Sources, percentage of Households within 1km of an improved water source, percentage of rural water point source functional, environmental Sanitation infrastructure, number of sanitation infrastructure in the LG, forestry section, wetlands and water bodies section, mining activities and number of people employed in the LG, volume of minerals extracted, mining sites and host communities, natural resources, environment, climate change, land and water management,

Chapter Nine constitutes department of Trade, Investment and Local Economic Development; the mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP, the NDP III Programmes, the department responds to, Local economic enterprises by location and type, value addition section, cooperatives that is the Number of Cooperatives, market Information, and Agro-processing plants by Sub county and type.

Chapter ten entails department of works and technical services; the mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP, the NDP III Programmes the Department responds to, planned roads by name and status, Major Roads, length and Condition of Roads(Move to part of Roads), and also roads rehabilitated and Maintained, District roads and community access roads rehabilitated and maintained, capacity and condition of LG Office Blocks, lower local governments with Office Blocks, mechanical (vehicles and plants), stock of LG mechanical equipment and Point water sources.

Chapter eleven entails department of community based services; the Mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP, the NDP III Programmes such as community mobilisation and mind-set change, administration of Justice and human capital development; the general Community Development Issues, cases of Violence in the LG, number of violence cases, orphans and other vulnerable children, number of OVCs, number of Orphans by Age group and Type by Sub County, distribution of the elderly by sub-county.

Number of elderly persons by sex accessing SAGE, staffing for Community Development, staffing in community-based services, and proportion of youth empowered under YLP by sub-county/Town Council.

Chapter twelve entails planning unit; the mandate of the department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP, the NDP III Programmes such as development plan implementation, regional development, public sector transformation, projected Population by sex by Sub County as at 2021, population density, population Distribution by Rural – Urban and Sex, refugee population, proportion of the population who are refugees, by country of origin, community Projects, projects implemented by Sub-county as at FY 2022/2023, proportion of projects implemented on budget, completion rate of public projects, poverty Rates and distribution by Sub-county, and Annual NDP Compliance Score-line graph.

CHAPTER ONE INTRODUCTION

1.0 BACKGROUND

1.1 PROFILE OF THE LOCAL GOVERNMENT

1.1.1 LOCATION AND SIZE OF THE LOCAL GOVERNMENT

Tororo District is located in Eastern Uganda. It borders with the Republic of Kenya to the East, Bugiri District to the West, Butaleja to the North and Busia to the South and Manafwa to the North East. The District has two counties, one Municipality with two divisions, seventeen (30) rural sub-counties, 10 Town councils, one hundred eighty (180) parishes and one thousand three hundred and thirty-seven (1337) villages. The District Headquarters is located in Tororo Municipality, which is 214km from Kampala City.

1.1.2 HISTORICAL PROFILE

Tororo district was created from Bukedi District which came into being in 1967 when the new Constitution was formulated by the then regime of the day. Its Headquarters was changed from Mbale to Tororo and became operational in 1968.

1.1.3 GEOGRAPHICAL PROFILE

1.1.3.1 CLIMATE

Tororo District has a Sub-Humid climate with orographic and bi-modal rainfall with peaks during the months of May and October. The Sub Total rainfall lies between 1,130mm and 1,720mm a year with a temperature between 16.2°C to 28.7°C. The relative humidity ranges between 52% to 89% and Tororo town is 1,459.5 metres above sea level.

1.1.3.2 TOPOGRAPHY

The topography of Tororo is not prone to soil erosion. Most of the land therefore is gentle and suitable for agriculture without risking severe run off of the top soils. This further makes Tororo soils good for moderate and appropriate mechanised farming.

The roads can be relatively easily constructed and the bandy surfaces that are common in the District provide opportunities for high grade feeder road surfacing.

1.1.3.3 GEOLOGY

The tertiary pre-elgon volcanic rocks, which include Tororo rock and Osukuru hills, are known to be very rich in minerals, which is potential for the growth of industries for example, cement, fertilizers and fungicide industries.

1.1.4 POPULATION AND DEMOGRAPHICS

The district currently has an estimated total Population of 517,082 (2014 Population and Housing Census) with 102,634 households and Population density of 433. The sex ratio is 93% implying that for every 100 females there are 93 males, and the population growth rate is at 2.6% per annum. The average household size is 5 and the average dependency ratio is 113.7 implying that majority of the population are dependants. The Projections of the total population as at 2022 stands at 613,902 of which 297,897 are male, 316,005 are female.

The Total Fertility Rate stands at 7.1 with the highest in Kwapa Sub County which has a TFR of 8.1. Life expectancy is at 54.07(54years for Females and 52 for males) and only 54% of the Population is literate. The gross enrollment rate is high at 191,354 for primary institutions, and 19,509 for Secondary Institutions.

Majority of the population (91.1%) depend on farming for their livelihood, 3.5% are formally employed while the rest are animal rearers and traders in agricultural/non agricultural products. 86% of the population live in the rural areas whereas only 14% of the population live in the urban areas.

Average Household size

A Household is defined as a group of people who normally eat and leave together. Household composition is a key variable for determining demographic characteristics of a population. Household size refers to the number of occupants of a household. As per the Population and Housing census 2014 statistics revealed that the district has 103,636 households and total population of 517,080.

Table 1.1: Average household size by sub county (refer to annex 1)

1.1.5 ECONOMIC PROFILE

Economy

Like many Ugandan Districts, the Economy of Tororo is dependent on Agriculture, which employs over 79.1% of the total population. Fertile soils and suitable climate combine to support the cultivation of a number of crops in most parts of the District. Agriculture is mainly subsistence (75%) and takes place on smallholdings of approximately two acres using mainly simple farming tools (hoes, pangas etc). Only 0.35% of the population is engaged in Commercial Agriculture. Family members constitute the single most important source of labour.

Poverty Levels

The poverty levels in the district seem not to be declining but are instead on an upward increase as evidenced in the last three series of Uganda National Household Survey reports 2009/2010, 2012/2013 and 2016/2017. In Eastern Uganda, Bukedi region where Tororo district falls poverty stood at 24.3% (Uganda Bureau of Statistics, 2010, *Uganda National*

Household Survey), 24.5% (Uganda Bureau of Statistics, 2014, *Uganda National Household Survey*) and 47.5% (Uganda Bureau of Statistics, 2016, *Uganda National Household Survey*) respectively indicating a worsening trend. There are significant disparities in poverty levels across regions especially in the rural areas where most of the population lives.

Human settlement in the district as per the 2014 population and housing census indicated that 93% of the population live in the rural areas whereas only 7% of the population live in the urban areas.

Productive resources in the district include; access to low laying flat land that is favourable for agricultural mechanisation, livestock that can be used to generate income, strategic location of the district at the border with the Republic of Kenya which is a potential for market for produce from the district, multiple industries that have been set up in the district is another potential for increasing income at household level.

Sources of income

The main source of income is agriculture followed by livestock, and fishing. The other sources of income are derived from non-farming activities such as employment in the civil service, businesses, services etc. There is an increasing trend towards non-farming activities due to uncertainty and seasonality of agricultural produce/income and also increase in new demands for households e.g. paying for tertiary education and health services. The table below shows the source of livelihood in the District:

Table 1.2 : Tororo district source of livelihood

Economic activities	Percentage of total
Subsistence farming	79.1
Employment income	8.14
Business enterprise	5.33
Property income	0.56
Family support	5.57
Organisational support	0.07
Other	1.23

Source: Tororo District Planning Unit (2014 Census)

1.2 ADMINISTRATIVE STRUCTURE OF THE LG

The District has two counties, one Municipality with two divisions, seventeen (30) rural sub-counties, 10 Town councils, one hundred seventy-two (172) parishes/wards and one thousand three hundred and thirty-Seven (1337) villages/cells. The District Headquarters is located in Tororo Municipality, which is 214km from Kampala City.

The staffing level at the statutory bodies (Council, Committees, Boards, and Commissions) is as follows.

Table 1.3 : showing staffing of Political wing

Number of Councilors in the district by gender		Vacant positions in council	Executives	Sectoral committees	Meetings
Male: 47	Female: 27	0	05	05	Council:6 Business: 6 DEC: 18

1.3 FINANCING FRAMEWORK

The fiscal functions of central and local governments are traditionally analyzed in terms of their respective roles and responsibilities for income redistribution, expenditure provision, tax assignments and tax transfers. Questions about the extent of centralization and decentralization are critical when addressing the issue of national and local priorities. Which level of government will be responsible for providing specific services to the population? How will those services be financed? This chapter gives the revenue items that are released to Local Governments; those catered by donors and locally raised revenue.

Below are the revenues received by the district for financial year 2022/2023; locally raised revenue grants and donor funding.

Table 1.8 : Summary of Funding Sources For FY 2022/2023

Sources of Financing	Total Contributions FY2022/23 (In Millions)
Central Government Transfers	77,613,145,000
Local Revenue	1,000,016,000
Development Partner	1,052,070,000
Other sources of financing	1,105,987,000
TOTAL	80,771,218,000

Source: Finance Department

1.4 CENTRAL GOVERNMENT TRANSFERS

Table 1.9 : summary of central government transfers (refer to annex 2)

Table 1.10 : showing summary of local revenue projections.

Locally Raised Revenues	FY 2022/2023
Agency Fees	25,653,000
Animal & Crop Husbandry related Levies	10,795,000
Business licenses	11,008,000
Interest from private entities – Domestic	3,504,000
Local Hotel Tax Local Services Tax	0
Other fines and Penalties ± from other government units	0
Market /Gate Charges Other	25,019,000
Fees and Charges	0
Park Fees	0
Inspection fees	26,000
Land Fees	19,262,000
Rent & Rates - Non-Produced Assets ± from private entities	468,099,000
Registration fees for Documents and Businesses	95000
Other licenses	228,630,000
Local Services Tax-Payable By Individuals	187,812,000
Advertisement	202,000
Rent & rates - produced assets ± from other govt. units	19,911,000
Total	1,000,016,000

Source: Finance Department

1.5 EXTERNAL FINANCING

Table 1.11 : Showing summary of external financing projections

Donor	FY 2022/2023
United Nations Children Fund (UNICEF)	455,728,000
United Nations Population Fund (UNPF)	17,139,000
Global Fund for HIV, TB & Malaria	52,506,000
World Health Organisations (WHO)	255,610,000
Jhpiego Corporation	118,312,000
Global Alliance for vaccines and Immunization (GAVI)	152,774,000
Total External Financing (Donors)	1,052,069,000

Table 1.13 : Summary of the project costs (refer to annex 3)

Table 1.14: Summary of funding gaps by programme and strategies for bridging the gaps (refer to annex 4)

1.8 RESOURCE MOBILISATION STRATEGIES

1.8.1 NEED FOR FISCAL AUTONOMY OF LOCAL GOVERNMENTS

Decentralization is more effective when a local government can raise a relatively large share of its revenues locally. If the transfer of responsibilities from the central government is not matched by the ability to finance the carrying out of these responsibilities, there is a risk of creating a largely fictional decentralization. In such a case, local governments will tend to remain overly dependent on the goodwill of the central government to finance them. Since the central government sets the rules and generally takes the highest yielding taxes for its own use, local governments tend not to have access to tax revenue and sources that would effectively free them from dependence on transfers. Inter-governmental transfers are vital for local governments but they should not be used to prevent local governments from attaining an appropriately independent status. Without an adequate revenue source under the control of local government, a suitable degree of fiscal autonomy cannot be realized. The choice of a good tax for local governments is limited compared with the choices for central government. The composition of revenues for the district varies greatly from one district to another but the main types of local government revenues are typically the following:

Reasons why the revenues of district should come from local sources:

- Local taxes are necessary to enable a district to vary the quantity and quality of its services in respect of local preferences.

- There tends to be greater accountability for money raised locally than with fiscal transfers from the centre.
- Grants from the central government often come with pre-conditions attached and constrain the way the grant is spent.

Strategies for revenue mobilisation

In order to improve Revenue collection and expand the tax base, the following are being suggested.

- 100% IRAS implementation; The Introduction of the IRAS system by the Ministry of Finance, Planning and Economic Planning will surely enhance revenue collections in the district as all revenue collections will be system based as such reduced embezzlement.
- Supervision, Monitoring and Evaluation: - The department of Finance, Planning and internal audit have taken a lead role in Monitoring, Supervision and evaluation of economic activities at sub counties with a view to improving local revenue.
- Developing a data base and information management system from LC I and LC II up to the District Level with support from Local Government Finance Commission.
- Most of the Local revenue has been tendered out to minimise on collusion and embezzlement.
- There is need to have up to date trading licenses' register and should be computerized.
- The assessment methods should be critically studied. For example, where they look at the volume of business to determine the license amount, this was not found to be fair. The traders should be graded according to areas from which they are operating. We would list down all the different businesses operating there namely; merchandise retail shop, wholesale shop, saloons, drug shops, cement dealers, stationery shops, bars and restaurants, lodges and hotels, carpentry showrooms, computer bureaus, bakeries etc. For each of the business category above, we would set a minimum rate above which a trader is expected to offer.
- Efforts should be made to publicize the tax defaulters on radio and notice boards.
- There should be internal controls spearheaded by Audit department. Field visits should be emphasized to look at issued receipts.
- Service delivery should be linked as much as possible to tax payment. Despite the existence of quite a number of problems/constraints to service delivery. Overall, where services have been delivered they have not been linked to taxes. This linkage can be done in the following ways:-
 - At the time of commissioning projects, this point should be brought out.
 - Radio programmes should be used to point out the same.
 - The delivered services should be tangible/measurable and accessible to the people.

In conclusion therefore, a sound revenue system for local governments is an essential pre-condition for the success of fiscal decentralization. In addition to raising revenues, local

revenue mobilization has the potential to foster political and administrative accountability by empowering communities

CHAPTER TWO

ADMINISTRATION DEPARTMENT

2.1 INTRODUCTION

The department is mandated to coordinate, monitor and provide support services to all Sectors in the District.

2.2 NDP III PROGRAMMES

The department responds to the following NDP III Programmes (provide a status/description/explanation, for each of the NDP programs that the department responds to.)

2.2.1 GOVERNANCE AND SECURITY PROGRAMME

This aims to improve adherence to the rule of law and capacity to contain prevailing and emerging security threats. Key expected results include: improvement in the corruption perception and democratic indices; increased case disposal rate; and increased percentage of districts with one stop frontline JLOS service points.

This is essential for enabling development in economic, political, environment and social sectors. Efficient political and economic strands promote social order. A stable, predictable and secure political environment is a pre-requisite for socioeconomic development. Governance directly contributes to achievement of peaceful and inclusive societies. It also facilitates private investment, bringing people out of poverty, and increasing the effectiveness of implementation of water and sanitation activities.

Under good governance and security, the following were implemented; renovation of administration blocks in lower local government that has enabled creation of enough officer space for various staff to be accommodated and execute their duties efficiently and effectively.

Held DPAC meetings to discuss various inputs on various subjects where there is a need for district-level input, especially on issues relating to the needs of low-income and/or underperformances and promote involvement of all stakeholders.

The district was able to supervise, monitor and evaluate activity implementations, coordinate, partner with development partners to jointly support implementation. Accountability reports were demanded and submitted on quarterly and monthly basis to relevant authorities. Frequent meetings were held to review performance. Administratively, transfers of officers were made to improve on service delivery district wise and staff capacity built with the capacity building grant.

2.2.2 PUBLIC SECTOR TRANSFORMATION

This aims to improve public sector response to the needs of the citizens and the private sector. Key expected results include: improvements in the indices of; government effectiveness, public service productivity, global competitiveness and corruption perception indices. In addition, there will be increased proportion of the population satisfied with public services.

Under public sector transformation, the status of implementation included; Recruited of Human resource capital such as parish chiefs, community development officers, teachers both primary and secondary categories, health.

Capacity building of employed staff through workshops, seminars and In-service training trainings were conducted.

The following challenges were noted

There are still staffing gaps. At strategic level, the district has 50% positions filled. There is need to fast track recruitment of heads of department and the managers at the Lower Local Government level. The provision for wage specifically for traditional staff is inadequate to allow recruitment of additional staff take place.

2.2.3 ADMINISTRATION OF JUSTICE

The status of implementation under this program, the district was able to establish local council courts that are constituted of LC1 at village level and LCIII at sub County/Town council. These courts help to handle cases at community levels such as land wrangles, marriage fights, theft instances and where need be referring to respective hierarchies for further management.

2.2.4 LEGISLATURE

The status of implementation under this programme area, the district was able to conduct meeting for Council, meetings for the Standing committee of Council and the District Executive Committee.

Some of the challenges noted include the following;

Increase in the number of administrative units at the lower local government level led to the increase in the number of District Councillors. Remuneration for the District Council has become a challenge given that their emoluments are derived for the performance of local revenue. Several local revenue sources continue to perform poorly as a result of the Covid 19 pandemic.

2.2.5 DIGITAL TRANSFORMATION

This aims to increase ICT penetration and use of ICT services for social and economic development. Key expected results include: increasing ICT penetration; reducing cost of ICT devices and services; creating more direct jobs in the sector; increasing ICT incubation; and increasing government services online.

The district has fully adapted to the online reporting systems such as Program budgeting system, HMIS, IFMIS, EMIS; among others that has enhanced digital transformation in the district.

2.2.6 HUMAN CAPITAL DEVELOPMENT

This aims to increase productivity of the population for increased competitiveness and better quality of life for all. Key expected results include: increased proportion of labour force transiting to gainful employment; increased years of schooling; improved child and maternal outcomes; increased life expectancy; increased access to safe and clean water and sanitation; and increased access by population to social protection.

The status of implementation of the program by the district is denoted below

Promoted optional maternity infant young child and adolescent nutritional practices; such as ensuring a balanced diet of vegetables, fruit, grain foods, dairy and protein foods. This is because Healthy foods have nutrients that are important for growth, development and learning.

Increased access to immunization against childhood diseases.

Improved adolescent and youth health. This is through provisions of advisory services on adolescent and youth matters, health education seminars on adolescent education among others

Infrastructural development in areas of health under the period of review included; Completion of rehabilitation of one Administration block at District level, Procurement of land for Katajula health centre 2 upgrade in Katajula Sub county and Payment of land for Soni Health centre 2 upgrade in Soni Sub county, Renovation of 7 Classroom block at St. Agnes Mella P/S, Construction of 2 Classroom block at Bishop Okile P/S, Construction of 2 Classroom block at Paragang P/S, Construction of 2 Classroom block at Paragang P/S, Construction of 2 Classroom at Soni Ogwang P/S, Construction of 5 stance VIP lined pit latrine at UTRO P/S, Construction of 5 stance VIP lined pit latrine at Kisoko Boys' P/S, Construction of 5 stance VIP lined pit latrine at Poyameri P/S, Construction of a Seed Secondary School at Sop-sop, Iyolwa Sub county, Procurement and supply of desks to the following schools; UTRO P/S-50 desks, Morukatipe P/S-50 desks, Katandi P/S-50 desks, Tororo Prisons P/S-49 desks, Kamuli P/S-30 desks, Kajarau P/S-50 desks, Pomede P/S-79 desks, Pagoya P/S- 30 desks, Panoah P/S-20 desks, Amurwo P/S-20 desks, Procurement and

supply of desks to the following schools; Namwaya P/S-50 desks, Rugot P/S-50 desks, Senda P/S-50 desks, Kalachai P/S-50 desks, Patewo P/S-66 desks, P'Obwok P/S-50 desks, Soni Ogwang P/S-50 desks, Segere P/S-50 desks, Soni P/S-50 desks, Agwok P/S-33 desks, Kamuli P/S-34 desks, Upgrading of Namwaya HC II to HC III at Namwaya Parish in Nagongera Sub county, Upgrading of Nawire HC II to HC III at Nawire sub county, Nawire Parish, Completion of rehabilitation of 1 cattle dip at Tororo DATIC, Establishment of four new micro-scale irrigation demonstration sites at Busitema university (Nagongera campus), Iyolwa seed secondary school gardens, Sopsop seed secondary school gardens and Tororo DATIC, Construction of slaughter slabs with chain link and one-stance pit latrine at Kwapa sub-county and Nagongera sub-county, Construction of a fence for sericulture demonstration unit at Tororo DATIC, Construction of two low cost cattle crushes at model livestock farmers for tick and tsetse vector control demonstration at Magola and Mella (now in Apokor town council), Construction of Fungwe – Muwafu swamp crossing, Construction of Apokor – Komolo culvert crossing, Construction of Sabasaba road culvert crossing, Emergency maintenance of Nagongera – Matawa - Nabuyoga road, Emergency maintenance of (Aderema bridge), Mella - Kalait : Embankment filling and repair of culvert structure.

Routine mechanized maintenance of CARs such as; Pajwenda – Pasindi, Siwa – Pawanga, P'obuje – Pandira, Akworot – Atiri, Merikit - Miwusi – Paya, Makauri – Mbula, Pabas - Nambogo – Ngeta 3.5km, Kwapa - Morukebu - Kalait - 5.7km, Kisoko - Pajwenda - Poyawo - 13.7km, Katajula - Kirewa – Wikusi - 10.5km, Pasindi – Chawolo - 6.5km, Pasindi – Chawolo - 6.5km, Morukatipe – Oriyoi - 11km, TGS - Water works - 5km, Morikiswa – Peipei 4.5km, Awuyo – Bumanda 6.5km, Tororo – Kwapa – Salosalo 6.2km, Malikisi road (culvert installation).

Construction of 3 VIPs in RGCs, Extension of 2km of pipeline in kisoko-peipei Area, 5 Deep bore hole drilling hand pump lot 1, 6 Deep bore hole drilling hand pump lot 3, Supply of bore hole parts, Procurement of 5 motor cycles for field extension services at Molo, Mukuju, Mulanda, Petta and Rubongi, Support at least 442 farmers including women, youth and elderly with 11,067 kg of improved high oil content soya bean seed for production and multiplication in all 40 sub-counties, Supply and delivery of 10,090 good quality fish fingerlings and 360 kg of start-up fish feeds for demonstration delivered and distributed to 10 model fish farmers, Support micro-scale irrigation equipment supply, installation and training of farmers on their operation and maintenance in all the 40 sub-counties, Supply and delivery of 1,000 tsetse fly traps and chemicals for treating nets.

Deep bore hole drilling hand pump lot 1 at Kisoko S/C, Mella S/C, Nabuyoga TC, Morukatipe S/C, Pajwenda T/C; Deep bore hole drilling hand pump lot 2 at ; Kwapa T/C, Akadot S/C, Mulanda, Osukuru T/C, Mukuju S/C, Nyangole, Sop sop S/C, Kisoko S/C, Nagongera S/C; Deep bore hole drilling hand pump lot 3 at; Osukuru T/C, Mwello S/C, Iyolwa S/C, Magola S/C, Kisoko, Nagongera S/C.

2.7 CONCLUSION

The department is Understaffed.

CHAPTER THREE

FINANCE DEPARTMENT

3.1 INTRODUCTION

The finance department is a majorly a service department to other departments.

The Finance department is composed of 2 sectors which include revenue and Expenditure/accounting. It is one of the biggest departments in the District whose objectives are to;

- Identify and expand the revenue base:
- Build Finance and Management Capacity at district level; and
- Strengthen Data Management systems, Revenue VRS and to influence demographic trends & patterns in a desirable direction.

The following are the functions of the sub section in finance department;

- **Financial and Administrative control-** this entails the Retention, safe custody and storage of financial records and documents. Management of current assets- debtors, creditors and stocks (documentation, recovery, clearance, and safe custody), and Facilitating audits, investigations and inspections.
- **Budgeting-** this involves Coordinating and facilitating the budgeting process (coordinating budget desk activities, communicating BCCs, facilitating budget conference, follow up with sectors on budget preparation progress, consolidating the entity budget).
- **Revenue-** the Supervising and monitoring revenue collection.
- **Accounting-** Disbursement of funds and processing of payments. Preparation of books of accounts and financial reports.
- **Staffing Position-** The new administrative units do not have substantive accounting staff (Akadot, Apetai, Kalait, Kayoro, Morukatipe, Soni, Nawire, Sere, Ojilai, Nyangole, Osia, Mwello and Siwa Sub Counties, and, Merikit, Magodes, Kwapa, Apokor, Osukuru, Iyolwa, Nabuyoga and Pajwenda Town Councils). Staffing gaps that need to be filled also exist at the District headquarters and at Malaba Town Council.

3.2 NDP III PROGRAMMES

The department responds to the following NDP III Programmes:

3.2.1 DEVELOPMENT PLAN IMPLEMENTATION

This aims to increase the efficiency and effectiveness in the implementation of the Plan. Over the plan period, the following results are expected: increased GDP growth rate, increased revenue, and improvements in alignment of plans and budgets.

3.4.4 PERCENTAGE GROWTH IN TAXPAYER REGISTER- INSERT LINE GRAPH FOR THE LAST 5 FYS

The department currently does not have well populated tax payer register but with introduction of the Integrated Revenue automated system (IRAS) , the department shall have well registered tax payer's register in the subsequent statistical abstract.

3.5 : CONCLUSION

The department is understaffed.

CHAPTER FOUR INTERNAL AUDIT

4.0 INTRODUCTION

The Internal Audit mandate is derived from the Local Governments Act (CAP 243) Section 90 (2) and Section 48 (1, 2) of the Public Finance Management Act 2015.

The department comprises of the section of Internal Audit Office.

4.1.1 KEY AUDIT OBJECTIVES

Internal Audit offers continuous internal evaluation and advisory services to all council's establishments and departments. It's specifically charged with reviewing and reporting on: -

- a) The effectiveness and adequacy of Internal controls
- b) The effectiveness of accounting procedures.
- c) The optimal use of council's resources.
- d) Compliance with the Local Governments Act and the Local Government Financial and Accounting Regulations, the Public Finance and Management Act.

4.1.2 THE ROLE AND RESPONSIBILITIES/FUNCTIONS OF THE INTERNAL AUDIT IN THE VOTE

THE ACT REQUIRES THE INTERNAL AUDITOR TO:

- a) Appraise the soundness and application of the accounting, functional and operational controls of the vote.
- b) Evaluate the effectiveness and contribute to the improvement of risk management processes of a vote, and
- c) Provide assurance on the efficiency, and the effectiveness of the economy in the administration of the programmes and operations of a vote. And as detailed in the Local Government Financial and Accounting Regulations 2007:
- d) Prepare quarterly Internal Audit Reports and submit to council and give a copy to the District Public Accounts Committee.
- e) To review the financial and accounting system of operation in each department to ensure that they are adequate, effective and conform to the provisions of the financial and accounting Regulations and the Internal Audit Manual.
- f) To audit revenue collection to ensure that all monies due to the entity are collected and banked, or otherwise accounted for in terms of the Regulations and the Internal Audit Manual.
- g) To audit procurement procedures and payments to ensure that all goods, services and works are properly ordered, received examined and paid for in terms of the LGFAR and the Internal Audit manual and that value for money as an objective of procurement has been achieved.
- h) To conduct man power audits embracing all employees of the entity including staff records, remuneration levels, allowances and payments to ensure conformity with the budget, approved establishment, the LGFAR and the Internal Audit Manual.

- i) To audit all stores, cash, assets and other property owned or in the care of the entity to ensure their safe custody, efficient and economic usage and disposal.
- j) Expected to extend services to the Sub County councils, schools, Health units and administrative units in our areas of jurisdiction and submit quarterly reports.
- k) Carry out special investigations when called upon to do so.

4.1.3 THE STRATEGIC DIRECTION OF THE DEPARTMENT AS HIGHLIGHTED IN THE LGDP

To strengthen financial management and accountability.

4.2 NDP III PROGRAMME

The Department responds to the following NDP III programme.

4.2.1 DEVELOPMENT PLAN IMPLEMENTATION

This aims to increase the efficiency and effectiveness in the implementation of the Plan. Over the plan period, the following results are expected: increased GDP growth rate, increased revenue, and improvements in alignment of plans and budgets.

The department ensures that the Local government, lower local governments, lower health units, schools and institutions adhere to the Local Government Financial and Accounting Regulations 2007.

4.3 LOCAL GOVERNMENT SERVICE DELIVERY

This entails the Institutions Audited, Audit responses, and audit Findings

4.3.1 INSTITUTIONS AUDITED

4.5 CONCLUSION

The department is Understaffed

CHAPTER FIVE

PRODUCTION AND MARKETING

5.1 INTRODUCTION

The department has seven sections where appropriation of expenditure occurs, namely: Lower Local Government extension services, Production management office, Agriculture (Crop), Veterinary, Fisheries, Entomology & Vermin Control and Tororo DATIC (DFI).

5.1.1 MANDATE AND KEY FUNCTIONS OF THE DEPARTMENT

The mandate and key functions of the department are derived from the Second Schedule and Part 2 of the Local Government Act 1997 CAP 243 that include but not limited to;

- Supporting crop husbandry extension services; animal husbandry extension services; fisheries husbandry extension services and entomological extension services;
- Controlling epidemic diseases, pests and parasites affecting crops, animals and fish through vaccination, treatment, diagnosis, investigations, surveillance and reporting;
- Enforcing agricultural related laws and regulations by controlling movement of animals and animal products, implementing quarantine restrictions and animal welfare issues;
- Carrying out inspection and certification of agricultural inputs;
- Collecting basic agricultural statistics;
- Ensuring hygiene of livestock products;
- Identification of parish model farmers to be supported by one extension worker; and
- Provision of training and extension services to the parish model farmers particularly in water for agricultural production.

The department contributes to the agriculture sector's vision of a competitive, profitable and sustainable agriculture sector; and the mission of the transformation of subsistence agriculture to commercial agriculture.

5.1.2 OVERALL OBJECTIVE OF THE DEPARTMENT

The overall objective is to promote food and nutrition security and improve household incomes through coordinated interventions that will enhance sustainable agricultural production and productivity; post-harvest handling, Agro-processing and value addition; market access and competitiveness of agricultural products in the markets; equitable access and utilization of agricultural finance and insurance; and institutional coordination for improved service delivery.

5.1.3 STRATEGIC DIRECTION OF DEPARTMENT

The department's direction is also in line with Tororo district vision of having a healthy, productive and prosperous people living in a clean environment; and a mission of achieving

sustainable socio-economic development through coordinated delivery and efficient provision of services to the people in conformity with the National policies and Local priorities.

5.2 NDP 3 PROGRAMMES

The department mainly responds to the Agro-industrialisation programme of the NDP III.

5.2.1 AGRO-INDUSTRIALISATION

This aims to increase commercialization and competitiveness of agricultural production and Agro-processing. Key results include: increasing export value of selected agricultural commodities, increasing the agricultural sector growth rate, increasing labour productivity in the Agro-industrial value chain, creating jobs in Agro-industry, and increasing the proportion of households that are food secure and people live in a violence free environment.

5.3 LOCAL GOVERNMENT SERVICE DELIVERY

This entails the Staffing for Agriculture, Common Diseases and Pests for selected crops (2021/ 2022), estimated livestock numbers and unit prices, slaughter slabs/houses by location and category (2022), number of Milk Plants by sub-county, prevalence of Livestock Diseases, number of vet shops established and operational by Sub-County, number of fish farmers by sub-county, number of major landing sites and annual fish catch, number of bee farmers in the district by type, number of beehives and production, number of agricultural Projects implemented, number of agriculture markets, estimated production of commodities and average prices FY 2021/22, water facilities for livestock constructed, number of demonstration sites for the different value-chain innovations, number of farmer groups, Agro-inputs, extension services and post-harvest handling facilities as represented in the respective tables below.

5.3.1 STAFFING FOR AGRICULTURE

5.3.7 VETERINARY DRUG SHOPS

This entails the number of vet drug shops that are operational per subcounty within Tororo District.

Table 5.7: Number of Vet Shops Established and Operational By Sub-County

Sub-county/Division	Number of Vet drug shops	Number Operational
Eastern division, Tororo municipality	6	6
Nagongera Town council	2	2
Rubongi Sub county	1	1
Iyolwa	1	1
Osia	1	1
Osukuru	1	1
TOTAL	12	12

Source: District Veterinary Office.

5.3.8 FISHERIES

Fish farming is an activity in which farmers construct fishponds usually on their holding and introduce fish fries (young fish). Fish fries are commonly obtained from fish breeders like the Fisheries Research Institute (FIRI) of the National Agricultural Research Organization (NARO).

This section presents statistics on the numbers of fish catch, values of the fish catch, numbers of landing sites, numbers of fish ponds and the numbers of boat engines in the landing sites.

Table 5.8: Number of fish farmers by sub-county (refer to annex 8)

5.3.9 MAJOR LANDING SITES AND ANNUAL FISH CATCH.

The district does not have Landing sites of which does not have licensed boats, number of engine boats, annual fish catch(kgs), and value in the respective landing sites.

Table 5.9: Major Landing Sites and Annual Fish Catch.

Sn	S/County	No. Landing sites	No. of licensed boats	No. boat engines	Annual Fish catch (kg)	Value (Shs/kg)

5.3.11 AGRICULTURE PROJECTS

This entails the type of project, number of projects implemented and number of technology development sites

Table 5.11: Number of agricultural projects implemented (refer to annex 9)

5.3.12 AGRICULTURE MARKETING

This entails the Number of markets by type that is General Market, Produce Market, Livestock Market, Crafts and Arts Market per Sub county.

Table 5.12: Number of agriculture markets (refer to annex 10)

5.4 AGRO-INDUSTRIALISATION

5.4.1 PRODUCTION VOLUMES

This entails the estimated production of commodities and average prices for FY 2021/2021.

Table 5.13: Estimated production of commodities and average prices FY 2022/2023 (refer to annex 11)

5.4.2 LAND AREA UNDER IRRIGATION

46.5 acres (18.8 ha) under irrigation and distributed as follows: 10 acres in Mwello sub-county (Kisote), 10 acres in Kwapa town council (Apuwai), 4 acres in Kwapa town council (Kabosa), 1 acre in Kwapa town council (Kwapa II), 1 acre in Kisoko sub-county (Podaka), 1 acre in Kisoko sub-county (Pilado), 1 acre in Kisoko sub-county (Bendo), ½ acre in Nyangole sub-county (Achilet), 1 acre in Sopsop sub-county (Nyamilele), 1 acre in Merikit sub-county (Amurwo-Ipurege), 2 acres in Petta sub-county (Ayago), 1 acre in Petta sub-county (Pakoi), 2 acres in Pajwenda town council (Lwala), 1 acre in Soni sub-county (Kayinja), 1 acre in Ojilai sub-county (Bumanda), 1 acre in Eastern division (Nyangole), 1 acre in Eastern division (Amagoro A), 1 acre in Mukuju sub-county (Koi), 1 acre in Mukuju sub-county (Mukuju central), 1 acre in Malaba town council (Asinge), 1 acre in Molo sub-county (Kidoko west), 1 acre in Sere sub-county (Sere), 1 acre in Siwa sub-county (Lwala) and 1 acre in Morukatipe sub-county (Angorom).

5.4.7 EXTENSION SERVICES

This entails the number of extension workers, ratio of extension workers to farming households, average extension visits to a farmer / farmer group per month by sub county

Table 5.18: Extension Services (Refer To Annex 12)

5.4.8 STORAGE FACILITIES

This entails the number of storage facilities constructed both Government and Private and the main commodity stored.

Table 5.19: Post-harvest handling facilities (refer to annex 13)

5.5 CONCLUSION

The data presented here was based on available administrative reports and estimates made by field extension workers from crop, livestock and fisheries as well as the farmers.

However, there is need for UBOS to build capacity of extension workers on real data collection, analysis and reporting where resources allow.

CHAPTER SIX

HEALTH SERVICES

6.1 INTRODUCTION

6.1.1 MANDATE OF THE DEPARTMENT,

1. Planning and budgeting
2. Supervision and monitoring
3. Coordination of all Health services in the District.

6.1.2 KEY FUNCTIONS AND SECTIONS UNDER THAT DEPARTMENT,

6.1.2.1 DISTRICT HEALTH OFFICER

Vote controller of the Health department

6.1.2.2 ADHO, MCH

Oversee all activities under maternal and child health

6.1.2.3 ADHO EH

Oversee all activities under environmental Health and also surveillance.

6.1.2.3 RESOURCE CENTRE

Ensure a functional information system is in place.

6.1.2.4 SECTOR ACCOUNTANT

Ensure all resources received are spent according to workplans and also are accounted for in time. This section also effects transfers of funds to the respective beneficiaries.

6.1.2.5 DCCT.

Ensures cold chain in all Health facilities is functional.

6.1.2.6 STORES

Takes charge of medicines and other Health supplies in the District

6.1.2.7 HEALTH PROMOTION AND EDUCATION

Takes charge of Behaviour change and communication in the District

6.1.2.8 DTLS

This section takes charge of TB and Leprosy management activities in the District

Oversees the laboratory services in the District.

Strategic direction of the department as highlighted in the LGDP

6.2 NDP III PROGRAMMES

The department responds to the following NDP III programmes

6.2.1 HUMAN CAPITAL DEVELOPMENT

This aims to increase productivity of the population for increased competitiveness and better quality of life for all. Key expected results include: increased proportion of labour force

transiting to gainful employment; increased years of schooling; improved child and maternal outcomes; increased life expectancy; increased access to safe and clean water and sanitation; and increased access by population to social protection.

6.3 LOCAL GOVERNMENT SERVICE DELIVERY

6.3.1 HUMAN RESOURCES FOR HEALTH

Table 6.1 Staffing Levels for Critical Cadres in the Public Health Sector (Refer to Annex 14)

Table 6.2 : Staffing Levels for Critical Cadres in The Public Health Sector

6.3.9 DRUG INSPECTION

Drug Inspection is important during the provision of health services in order to;

- Provide safe, good quality, efficacious medicines and medical supplies to the general public in both public and private sectors.
- Promote proper and rational use of drugs, records management among health workers through support supervision, on job training and sensitisation on compliance with National Drug Policy and Authority Act and National Standard Clinical Guidelines.

6.5 : CONCLUSION

The department is understaffed across health facilities and at district level.

CHAPTER SEVEN

EDUCATION AND SPORTS

7.1 INTRODUCTION

Mandate of the Department, Key functions and sections under that department, the strategic direction of the department as highlighted in the LGDP

7.2 NDP III PROGRAMMES

This entails the program(s) the department responds in its execution of duties.

7.2.1 HUMAN CAPITAL DEVELOPMENT

This aims to increase productivity of the population for increased competitiveness and better quality of life for all. Expected results include: increased proportion of labour force transiting to gainful employment; increased years of schooling; improved child and maternal outcomes; increased life expectancy; access to safe and clean water and sanitation; and increased access by population to social protection and Gender responsiveness.

7.3 LOCAL GOVERNMENT SERVICE DELIVERY

This entails the number of education institutions by level, number of teachers in government schools by highest level of education, number of teachers and pupils by gender in government aided primary schools (2021), available infrastructure in government schools, proportion of schools with access to ICT, sanitation & infrastructure for PWDS trends of selected education efficiency indicators, primary leaving examination indicators; 2022, Uganda certificate of education (UCE) results by grade and sex, 2022, indicators under inspectorate, percentage of schools with sports facilities, enrolment rates in schools, primary school enrolment by class, secondary school enrolment by class, percentage of orphans to total enrolment by education level, 2018 – 2022 and science education facilities.

7.3.2 NUMBER OF EDUCATION INSTITUTIONS

This entails the number of educations by level that is primary, secondary, TVET institutions, Training teachers' colleges, Universities and other institutions for 5 financial years as tabulated in table 7.1

Table 7.1 : Number of Education Institutions by Level

	2018	2019	2020	2021	2022	2023
Primary						
• Government	163	163	163	163	163	164

7.5 CONCLUSION

The department is understaffed.

CHAPTER EIGHT

NATURAL RESOURCES

8.1 INTRODUCTION

The department of natural Resources is made up of the following sections; Forestry Services, Environment management Services, Land Management Services.

8.1.1 DEPARTMENTAL VISION

Sound environmental, lands, wetlands and forest management for sustainable use by the people of Tororo District.

8.1.2 MISSION

Promote and ensure rational and sustainable utilization, development, effective management and safeguard of lands, forests, wetlands and other environmental resources for social and economic development of the people of Tororo district.

8.1.3 GOAL

To ensure sustainable utilization of natural resources for socio-economic growth without compromising the needs of future generations.

8.1.4 ROLES OF DEPARTMENT

- To manage the forests and products on private and communal lands, protect and conserve forest ecosystems.
- To sustainably manage environment resources, wetlands, river banks and hill tops in the district.
- To improve infrastructure planning and development in all urban and township gazetted areas.
- To survey and plan urban centres for sustainable utilization of land
- To identify, survey and process land titles for government lands.
- To create awareness to the public regarding land rights and obligations.
- To collect revenue accruing from land development in the district.

8.1.5 THE DEPARTMENT CONTRIBUTES TO THE FOLLOWING PROGRAM OUTCOMES

- Increase land area covered by forests from 9.1 percent to 15 percent;
- Increase land area covered by wetlands from 8.9 percent to 9.57 percent;
- Increase permit holders complying with ESIA conditions at the time of spot check from 40 percent to 90 percent;
- Increase the percentage of titled land from 21 percent to 40 percent; and
- Reduce land related conflicts by 30 percents

8.2 NDP III PROGRAMMES

The department responds to the following NDP III programmes:

8.2.1 MINERAL DEVELOPMENT

This aims to increase mineral exploitation and value addition in selected resources for quality and gainful jobs in industrialisation.

8.2.1.1 : THE KEY EXPECTED RESULTS OF THE PROGRAMME INCLUDE:

- Reducing the volume and value of imported iron and steel and inorganic fertilisers;
- Increasing the volume and value of refined gold exports and copper;
- Increasing investment in the exploration and processing of selected minerals;
- Creating more jobs in the mining subsector

8.2.2: NATURAL RESOURCES, ENVIRONMENT, CLIMATE CHANGE, LAND AND WATER MANAGEMENT

This aims to stop, reduce and reverse environmental degradation and the adverse effects of climate change as well as improve utilisation of natural resources for sustainable economic growth and livelihood security.

8.2.2.1 KEY EXPECTED RESULTS INCLUDE THE FOLLOWING

- Improved land use and management;
- Increasing land area covered under forests and wetlands,
- Increasing compliance of water permit holders with permit conditions
- Enhancing the accuracy of meteorological information.

8.2.3 REGIONAL DEVELOPMENT

This aims to accelerate equitable regional economic growth and development. Key expected results include reducing poverty in lagging sub-regions of: Karamoja, Bukedi, Bugisu, Busoga, West Nile, Acholi, Teso and Bunyoro.

The goal of the regional development programme is to accelerate equitable, regional economic growth and development.

8.2.3.1: THE OBJECTIVES OF THIS PROGRAMME ARE TO:

- 1) Stimulate the growth potential of the sub-regions in the key growth opportunities (Agri-business, Tourism, Minerals and Manufacturing);
- 2) Close regional infrastructure gaps for exploitation of local economic potential;
- 3) Strengthen and develop regional based value chains for LED;
- 4) Strengthen the performance measurement and management frameworks for local leadership and public sector management.

8.2.4 SUSTAINABLE URBANIZATION AND HOUSING

The goal of this programme is therefore, to attain inclusive, productive and liveable urban areas for socio-economic development.

8.2.4.1 : THE KEY RESULTS TO BE ACHIEVED ARE:

- (i) Decrease the urban unemployment rate from 14.4 percent to 9.4 percent;
- (ii) Reduce the acute housing deficit of 2.2 million by 20 percent;
- (iii) Decrease the percentage of urban dwellers living in slums and informal

settlements from 60 percent to 40 percent;

(iv) Decrease the average travel time per km in GKMA from 4.1 min/km to 3.5

min/km;

(v) Increase the proportion of tarmacked roads in the total urban road network from

1,229.7 km (6.1 percent) to 2,459.4 km (12.2 percent).

(vi) Improve the efficiency of solid waste collection from 30 percent to 50 percent.

8.3 : LOCAL GOVERNMENT SERVICE DELIVERY

8.3.1 : ACCESS TO SAFE WATER

This entails the proportion of population using safely managed drinking water sources as tabulated in table 8.1 below

Table 8.1: Proportion of Population Using Safely Managed Drinking Water Sources

Sub-county	Proportion	
	FY 2021/22	FY 2022/23
Eastern Division	NWSC	NWSC

8.7 CONCLUSION

The department needs capacity building such as on software for example GIS (Graphical Information System) and increase on the number of staff in the department because currently understaffed.

CHAPTER NINE

TRADE, INVESTMENT AND LOCAL ECONOMIC DEVELOPMENT

9.1 INTRODUCTION

9.1.1 MANDATE.

Trade, industry and local economic development (tiled) department is mandated to promote trade development, to help communities on selection and development of economically legible enterprises, to mobilize, carry out supervision and outreach services of co-operatives within the district, enhance industrial development in the district and promote tourism services.

9.1.2 VISION, MISSION & GOAL

9.1.2.1 VISION:

To create a critical mass of viable dynamic and competitive micro-small and medium enterprises significantly contributing to the social economic development of the district communities through trade cooperatives, enterprise, market industrialization and tourism promotion and development services.

9.1.2.2 MISSION:

To stimulate growth of sustainable micro- small medium enterprise through enhanced business support by providing access to financial, technical and social support through conducive environment.

9.1.2.3 GOAL

Eradicating poverty through commercialization of an agriculture, provision of rural finance, improved market access employment creation and industrialization.

9.1.3 OBJECTIVES

- To improve private sector competitiveness
- To increase market access for goods and services
- To improve the stock and quality of trade infrastructure
- To form and promote growth of cooperative
- To enhance the capacity of cooperatives
- To increase the type and range of enterprises undertaken by cooperatives
- To promote industrialization as avenues for commercializing products and processes.
- To develop, promote and market tourism services.

9.1.4 SECTIONS WITHIN THE DEPARTMENT

- Trade development and promotion services
- Enterprise development services / micro small and medium enterprises development (msmes)
- Market linkage services
- Cooperative mobilization and outreach services
- Tourism promotional services
- Industrial development services

- Promoting led

9.1.5 KEY FUNCTIONS

The key functions of tiled department, as derived from the mandate are to:

- Formulate and review, where necessary appropriate policies, legislation, regulations and standards for sustainable development of trade, industrialization and technology development, cooperatives movement and other tradable national products for increased wealth creation and benefit to the country;
- Initiate, coordinate, support, oversee and where applicable, facilitate implementation of strategies and programmes aimed at enhancing the development and promotion of trade, the cooperatives, industry and technology, and ensure their maximum benefit to the country;
- Inspect, monitor and evaluate the performance, progress, standards, state and efficiency of the various sectors, under its mandate for quality assurance, policy direction and guidance;
- Conduct studies and evaluate the impact of the sectoral, fiscal and other policies on the advancement of the diversified sectors and their effect on the poverty eradication program so as to advise authorities appropriately;
- Promote and coordinate research activities and initiatives of the sector with a view to ensure that results are efficiently and effectively utilized and are beneficial to the country and all stakeholders;
- Assess the need and where necessary, mobilize resources to support balanced industrial, cooperatives, and entrepreneurial development for eradication of poverty in the country; and,
- Collect, process, analyze, store and disseminate national and international information on the sectors and provide an input for rational decision-making;

9.2 NDP III PROGRAMMES

The department responds to the following NDP III Programmes:

9.2.1 TOURISM DEVELOPMENT

This aims to increase the district's attractiveness as a preferred tourist destination. Expected results include; increasing tourism arrivals and revenues as well as employment in the tourism sector especially among the youth.

9.2.2 MANUFACTURING

This aims to increase the product range and scale for import substitution and improved terms of trade. Key expected results include: increased share of manufactured exports in total exports, growth in the industrial sector contribution to GDP, and increased share of labour force employed in the industrial sector.

9.2.3 PRIVATE SECTOR DEVELOPMENT;

This aims to increase competitiveness of the private sector to drive sustainable inclusive growth. Key expected results include: reduction of the informal sector, increase in non-commercial lending to the private sector in key growth sectors, increased value of public

contracts and sub-contracts that are awarded to local firms, and increased volume of private sector investment in key growth areas

The successful businesses drive growth, create jobs and pay the taxes that finance services and investment. In particular, private sector-led industrial development will play a significant role in bringing about the much-needed structural changes that can set the economies on a path of gender responsive and sustained economic growth.

9.2.4 INNOVATION, TECHNOLOGY DEVELOPMENT AND TRANSFER

This aims to increase the application of appropriate technology in the production and service delivery processes through the development of a well-coordinated STI eco-system. Key expected results include: Increase the Global Innovation Index; Gross Expenditure on R&D and business enterprise sector spending on R&D and Increase the number of Intellectual Property Rights registered

9.4 CONCLUSION

The department is understaffed

CHAPTER TEN

WORKS AND TECHNICAL SERVICES

10.1 INTRODUCTION

The Works Sector comprises of two Departments (Roads and Technical Services and that of Rural Water and Sanitation).

The District has a total of approximately 285 Km of trunk roads, 672 km of feeder roads and 875km of community roads and 110.4km of urban roads. The district is in charge of maintaining the condition of Feeder roads whereas Sub-Counties maintain community roads.

10.1.1 MANDATE OF THE DEPARTMENT

To Consolidate & increase stock and quality of Productive Infrastructure. Investments will focus on improved transport connectivity, increased infrastructure stock and quality, improved compliance & safety of transport services, Long service life of the different transport infrastructure, improved quality of urban life, Competitive, live able and inclusive town council.

10.2 NDP III PROGRAMMES

The Department responds to the following NDP III programmes:

10.2.1 Integrated Transport Infrastructure and Services

This aims to have a seamless, safe, inclusive and sustainable multi-modal transport system. Key expected results include: reducing the average travel time; reducing freight transportation costs; increasing the stock of transport infrastructure; increasing average infrastructure life span and reducing fatality and casualties from transport accidents.

10.2.2 SUSTAINABLE URBANIZATION AND HOUSING

This aims to attain inclusive, productive and liveable urban areas for socio-economic transformation. Key expected results include: decreasing urban unemployment; reducing the housing deficit; enhanced economic infrastructure in urban areas; increasing efficiency in solid waste collection; and more coverage of urban green spaces.

10.2.3 AGRO-INDUSTRIALIZATION

This aims to increase commercialization and competitiveness of agricultural production and Agro-processing. Key results include: increasing export value of selected agricultural commodities, increasing the agricultural sector growth rate, increasing labour productivity in the Agro-industrial value chain, creating jobs in Agro-industry, and increasing the proportion of households that are food secure and people live in a violence free environment.

10.2.4 REGIONAL DEVELOPMENT

The goal of the regional development programme is to accelerate equitable, regional economic growth and development.

The objectives of this programme are to:

- 1) Stimulate the growth potential of the sub-regions in the key growth opportunities (Agri-business, Tourism, Minerals and Manufacturing);
- 2) Close regional infrastructure gaps for exploitation of local economic potential;
- 3) Strengthen and develop regional based value chains for LED;
- 4) Strengthen the performance measurement and management frameworks for local leadership and public sector management.

10.3 LOCAL GOVERNMENT SERVICE DELIVERY

10.3.1 PLANNED ROADS BY NAME AND STATUS

This entails the name of road, type of road, class, distance in kms, Maintaining authority, Road Condition, Last period of last maintenance as tabulated in 10.1

Table 10.1 Major Roads by Type (Refer to Annex 21)

10.3.2 LENGTH AND CONDITION OF ROADS

This entails the Total paved road network, Proportion of paved LG to total national roads, Average travel time (min/Km) on District, Town Councils, and Community Roads; Kilometres of Paved Urban Roads, Kilometres with side pavements constructed, and Cost of road infrastructure as tabulated in table 10.2 below.

Table 10.2 : Length and Condition of Roads

Indicator	2019/20	2020/21	2021/22	2022/2023
Total paved road network	1	1	1	1
Proportion of paved LG to total national roads	0	0	0	0
Average travel time (min/Km) on		0	0	0
• District,	0	2min/km	2min/km	2min/km
• Town Council, Municipality	0	2min/km	2min/km	2min/km
• Community Roads	0	3min/km	3min/km	3min/km

10.4 CONCLUSION

The data given above is description of the department's local service delivery in regard to the specific sections and data needs. However, there is need for more recruitment of staff as the department is understaffed.

CHAPTER ELEVEN

COMMUNITY BASED SERVICES

11.1 INTRODUCTION

The mandate of the Department of community-based services is derived from the 1995 constitution of Uganda, chapter 4 and 16 which advocates for protection and promotion of fundamental human rights of the Indigents and the vulnerable groups as well as institutions of traditional and cultural leaders.

The key functions of the department are Community Mobilization, Community Planning and monitoring and evaluation of community projects, Gender mainstreaming, social protection and networking and linkages with NGOs and CBOS. The strategic direction is community mobilization and mind set change of the community for social economic development and transforming the community from peasantry to a modern society

The Community Based services sector is one of the major sectors in the district and is composed of;

- Probation Youth, Children and Social welfare
- Gender, Culture and Community Development
- Disability and Elderly
- Labour and Industrial Relations

The District has several community development groups. These include youth groups, women groups, civil society organisations, FAL study groups and cultural groups.

• Number of Community Development Groups:	1601
• Number of women Groups:	226
• Men Groups:	112
• Mixed (Men, women, PWDs) groups:	497
• Community Development Centres:	3
• Number of NGOs:	32
• No of NGOs support programs for disadvantaged groups.	32
• Number of CBOs	46
• Ratio of CDAs/CDOs to the community:	1 staff per 6,756 Households
• Youth Groups:	185
• PWD groups:	159
• Cultural groups	5
• Number of Community Development Groups:	1601
• Number of women Groups:	226
• Men Groups:	112
• Mixed (Men, women, PWDs) groups:	497

• Community Development Centres:	3
• Number of NGOs:	32
• No of NGOs support programs for disadvantaged groups.	32
• Number of CBOs	46
• Ratio of CDAs/CDOs to the community:	1 staff per 6,756 Households
• Youth Groups:	185
• PWD groups:	159
• Cultural groups	5

11.2 NDP III PROGRAMMES

11.2.1 COMMUNITY MOBILISATION AND MIND-SET CHANGE

This aims to empower families, communities and citizens to embrace national values and actively participate in sustainable development. Key results include: increased the participation of families, communities and citizens in development initiatives; enhanced media coverage of national programmes; and better uptake and/or utilization of public services (education, health, child protection etc.) at the community and district level.

11.2.2 ADMINISTRATION OF JUSTICE

11.2.3 HUMAN CAPITAL DEVELOPMENT

This aims to increase productivity of the population for increased competitiveness and better quality of life for all. Expected results include: increased proportion of labour force transiting to gainful employment; increased years of schooling; improved child and maternal outcomes; increased life expectancy; access to safe and clean water and sanitation; and increased access by population to social protection and Gender responsiveness.

11.3 LOCAL GOVERNMENT SERVICE DELIVERY

The department focuses on building holistic human development prospects in the universal bid to fight poverty in the district. It is vested with the responsibility to mobilize and organize rural and urban communities to respond to development Program, provide social protection services that enhance safety nets and build resilience among the poor and vulnerable, lead the communities in planning, implementation and monitoring of own interventions, aimed at improving their welfare and enable them contribute positively towards National Development.

The Department serves Seventeen rural sub counties, two divisions of the municipality and the two town councils of Malaba and Nagongera. The District covers land expanse of about, 1,150 sq.km with total population of 517,080 of which 250,830 are male, 266,250 female. Children and youth constitute 70% of the population and of these, the orphans and vulnerable children are 40,155 and children with Disabilities between the ages of 2-17 years are 19,028.

11.3.1 GENERAL COMMUNITY DEVELOPMENT ISSUES

The Department provides protection to vulnerable and the very poor communities and response to survivors of violence. The categories that the department is serving include: Women, Children, Person with Disability, victims of child abuse and gender-based violence, the older persons, desolate and the very poor of the poorest.

Table 11.1: General Community Development Issues

Indicator	2019/20	2020/21	2021/22	2022/2023
Ratio of men to women in policy decision making issues	3:10	3:10	4:10	4:10

11.5 COMMUNITY MOBILISATION AND MIND-SET CHANGE

This aims to empower families, communities and citizens to embrace national values and actively participate in sustainable development. Key expected results include: increased participation of families, communities and citizens in development initiatives; enhanced media coverage of national programmes; increased household savings; increased social cohesion and civic competence; and better uptake and/or utilisation of public services (education, health, child protection etc.) at the community and district level

Mind-set change brings with its great benefits, including public appreciation of the country's development agenda and increased awareness for ownership and social accountability. It helps to enhance the well-being of the people or groups by changing their attitudes, norms, practices and behaviours. In addition, it helps build capacities of communities to assess their needs, identify options for addressing them, prioritize, leverage resources, and create sustainable solutions.

Table 11.10 : Community Mobilisation and mind-set change

11.6 CONCLUSION

The Department is progressively working toward improving the wellbeing of the vulnerable categories, protecting their rights and responding to survivors. In instances where they are economically handicapped, the department works towards mitigating the risks and shock of life and ensuring the vulnerable categories are resilient.

CHAPTER TWELVE

PLANNING DEPARTMENT

12.1 INTRODUCTION

The mandate of the department is to provide coordinated, integrated planning, monitoring and evaluation of implemented activities.

12.1.1 SPECIFIC OBJECTIVES

1. To develop capacities of local governments in the planning process.
2. To establish data banks in the departments and lower local governments.
3. To coordinate the planning process in the district.
4. To coordinate the technical planning issues
5. To coordinate MIS in the District.
6. To monitor and evaluate the effectiveness of policy and programmes implementation in the district.
7. To integrate population factors into development planning.

12.2 NDP III PROGRAMMES

12.2.1 DEVELOPMENT PLAN IMPLEMENTATION

This aims to increase the efficiency and effectiveness in the implementation of the Plan. Over the plan period, the following results are expected: increased GDP growth rate, increased revenue, and improvements in alignment of plans and budgets.

12.2.2 REGIONAL DEVELOPMENT

This aims to accelerate equitable regional economic growth and development. Key expected results include reducing poverty in lagging sub-regions of: Karamoja, Bukedi, Bugisu, Busoga, West Nile, Acholi, Teso and Bunyoro.

The goal of the regional development programme is to accelerate equitable, regional economic growth and development.

The objectives of this programme are to:

- 1) Stimulate the growth potential of the sub-regions in the key growth opportunities (Agri-business, Tourism, Minerals and Manufacturing).
- 2) Close regional infrastructure gaps for exploitation of local economic potential;
- 3) Strengthen and develop regional based value chains for LED;
- 4) Strengthen the performance measurement and management frameworks for local leadership and public sector management.

12.2.3 PUBLIC SECTOR TRANSFORMATION

This aims to improve public sector response to the needs of the citizens and the private sector. As a result, improvements in the following indices are expected; government

effectiveness, public service productivity, global competitiveness and corruption perception indices. In addition, there will be increased proportion of the population satisfied with public services.

12.3 LOCAL GOVERNMENT SERVICE DELIVERY

This entails the projected population by sex by subcounty, population density, urbanization rates and levels,

Table 12.1: Projected Population by Sex By LLG, 2024 (Refer To Annex 19)

12.3.1 POPULATION DENSITY

Population density refers to the number of people per square kilometre. Tororo district has an area of 1211sq.km. Therefore the population density was 433persons per sq.km of land in 2014 year. The population density increased from 330 persons per sq.km in the year 2002 to 433 persons per sq.km in the year 2014.

12.3.2 URBANISATION RATES AND LEVELS

Urbanisation is defined as the increase in the proportion of the population living in the urban area. However, the definition of urban areas has been changing over time. The 2002 and 2014 censuses defined urban areas as only the gazetted one while the earlier censuses included un gazetted urban centres with more than 1000 people as part of the urban population

Table 12.2: Population Distribution by Rural – Urban

Area	Percentage	Numbers
Rural	86	444,937
Urban	14	72,145
Total	100	517,082

12.3.3 REFUGEE POPULATION

Table 12.3: Proportion of the Population who are Refugees, by Country of origin.

Country of Origin	Number of refugees	Refugees as a % of LG population
-	-	-
TOTAL		

12.4 DEVELOPMENT PLAN IMPLEMENTATION

12.4.1 COMMUNITY PROJECTS

This entails the name of project, services provided as result of the project, implementer of the project, year of implementation in the various subcounty and Town Councils as tabulated in table 12.5.

Table 12.4: Projects Implemented By Sub-County, 2022 (Refer To Annex 21)

12.4.2 PROPORTION OF PROJECTS IMPLEMENTED ON BUDGET

This entails the completion rate of public projects (Proportion of projects implemented on schedule).

12.5 REGIONAL DEVELOPMENT

This aims to accelerate equitable regional economic growth and development.

12.5.1 POVERTY RATES

This entails Percentage of individuals Below Poverty Line, and estimated number of poor individuals (2020) per subcounty as tabulated in table 12.5 below.

Table 12.5: Poverty Distribution by Sub-County

Sub county	% of individuals Below Poverty Line	Estimated No. of poor individuals (2020)
Osukuru	31.53	11,265
Kwapa	39.92	6,389
Mukuju	36.65	10,535
Merikit	35.20	6,377
Molo	40.06	5,355
Mella	32.86	8,478

Annex 4: Table 1.14: Showing Summary of Funding Gaps by Programme and Strategies for bridging the Gaps

Programmes	Funding gap Ushs. (billions)	Strategies
Agro-industrialization	20,878	• With the formulation of the Strategic Development Framework the long-standing problem of parallel Planning where each sector pursues its own goals and objectives has been completely eliminated. Now all sector and all proposed investments are linked and are consistent with the agreed Development Framework. • All the priorities agreed upon are to be subjected to an appraisal process to ensure that they comply with the agreed development principles and criteria. • Resource mobilisation • Co-ordination of service delivery with development partners and the private sector • Ensure effective and efficient use of the resources. • Enhance partnerships with non-state actors for effective service delivery.
Natural Resources Environment, Climate Change, Land and Water Management	0.85	
Private Sector Development	51.77	
Integrated Transport Infrastructure and Services	1.84

Annex 22: Table 12.4: Projects Implemented By LLG, FY 2022/2023

DEPARTMENT	PROJECT	LOCATION	SOURCE OF FUNDING	STATUS
		S/C or T/C		
Administration	Completion of rehabilitation of one Administration block at District level	District	DDEG	Rehabilitation Complete
	Procurement of land for Katajula health centre 2 upgrade in Katajula Sub county and Payment of land for Soni Health centre 2 upgrade in Soni Sub county	Katajula s/c Soni S/c	Local revenue	Siwa Market and Soni Land Paid

Education	Renovation of 7 Classroom block at St. Agnes Mella P/S	Magola sc	SFG	Complete
	Construction of 2 Classroom block at Bishop Okile P/S	Apetai sc	SFG	Complete
	Construction of 2 Classroom block at Parangang P/S	Paya sc	SFG	Complete
	Construction of 2 Classroom block at Pawanga P/S	Nabuyoga Tc	SFG	Complete
	Construction of 2 Classroom at Soni Ogowang P/S	Soni sc	SFG	Complete
	Construction of 5 stance VIP lined pit latrine at UTRO P/S	Kayoro sc	SFG	Complete
	Construction of 5 stance VIP lined pit latrine at Kisoko Boys' P/S	Kisoko sc	SFG	Complete
	Construction of 5 stance VIP lined pit latrine at Amoni P/S	Kalait sc	SFG	Complete
	Construction of 5 stance VIP lined pit latrine at Poyameri P/S	Magola	SFG	Complete
	Construction of 5 stance VIP lined pit latrine at Barinyanga P/S	Paya sc	SFG	Complete

	Construction of a Seed Secondary School at Sop-sop, Iyolwa Sub county	Sopsop & Iyolwa sc	UGIFT	Roofing Level
	Construction of a Seed Secondary School at Mwello Sub county	Mwello sc	UGIFT	Finishes
	Procurement and supply of desks to the following schools; UTRO P/S-50 desks, Morukatipe P/S-50 desks, Katandi P/S-50 desks, Tororo Prisons P/S-49 desks, Kamuli P/S-30 desks, Kajarau P/S-50 desks, Pomedede P/S-79 desks, Pagoya P/S-30 desks, Panoah P/S-20 desks, Amurwo P/S-20 desks		SFG	Supplied

	Procurement and supply of desks to the following schools; Namwaya P/S-50 desks, Rugot P/S-50 desks, Senda P/S-50 desks, Kalachai P/S-50 desks, Patewo P/S-66 desks, P'Obwok P/S-50 desks, Soni Ogwang P/S-50 desks, Segere P/S-50 desks, Soni P/S-50 desks, Agwok P/S-33 desks, Kamuli P/S-34 desks		SFG	Supplied
Health	Upgrading of Namwaya HC II to HC III at Namwaya Parish in Nagongera Sub county	Nagongera Sub county	Conditional Grant - Development	Roofing Level
	Fencing of Tororo main hospital land	TMC	Local revenue	Planting of Precast poles
	Upgrading of Nawire HC II to HC III at Nawire sub county, Nawire Parish	Nawire sub county	Conditional Grant - Development	Ringbeam
Production	Completion of rehabilitation of 1 cattle dip at Tororo DATIC	Eastern division	Agricultural Extension-Development	Variation between the funds available UGX 5,139,349 and bid price of UGX 47,000,000 arising out of the ambitious BOQ

	Establishment of four new micro-scale irrigation demonstration sites at Busitema university (Nagongera campus), Iyolwa seed secondary school gardens, Sopsop seed secondary school gardens and Tororo DATIC	Nagongera S/c, Iyolwa T/c, Sopsop, Eastern division	Micro-scale irrigation (Pilot)-Development	The call-off orders worth UGX 80,224,500 were issued but demonstrations were not established because irrigation equipment were not delivered in timely.
	Construction of slaughter slabs with chain link and one-stance pit latrine at Kwapa sub-county and Nagongera sub-county	Kwapa S/c, Nagongera S/c	Production and Marketing Grant	Complete; Deputy RDC commissioned one in Nagingera S/C. Certificate of completion yet to issued
	Construction of a fence for sericulture demonstration unit at Tororo DATIC	Eastern division	Production and Marketing Grant	Complete. However, currently vandalism has been observed on padlocks for the main gate and removal of chainlink, among others

	Construction of two low cost cattle crushes at model livestock farmers for tick and tsetse vector control demonstration at Magola and Mella (now in Apokor town council)	Magola, Apokor T/c	Production and Marketing Grant	Complete but under utilized. Sign post for one in Apokor T/C was vandalized
	Rehabilitation of two slaughter slabs at Merikit sub-county (now in Merikit town council) and Sopsop sub-counties	Merikit T/c, Sopsop	Production and Marketing Grant	Complete and in Use
Works (Roads Section)	Construction of Fungwe – Muwafu swamp crossing	Ojilai-Nabuyoga TC	ministry of works and transport	Swamp crossing has been connected for pedestrian traffic
	Construction of Apokor – Komolo culvert crossing	Apokori TC - Mella	ministry of works and transport	completed
	Construction of Sabasaba road culvert crossing	Morukatipe	ministry of works and transport	completed
	Emergency maintenance of Nagongera – Matawa - Nabuyoga road	Nabuyoga TC - Nagongera TC	ministry of works and transport	Works stalled
	Emergency maintenance of Merikit - Nyemnyem road	Metkit- Molo	ministry of works and transport	Works ongoing
	Emergency maintenance of (Aderema bridge)	Apetai- Kwapa	ministry of works and transport	Works stalled

	Mella - Kalait : Embankment filling and repair of culvert structure	Mella- Kalait		Not started, Ministry of works promised to undertake the works
	Routine mechanized maintenance			
	Road Name			
	Pajwenda – Pasindi	Pawenda-Mulanda	URF	Completed
	Siwa – Pawanga	Siwa-Nabuyoga TC	URF	Completed
	P’obuje – Pandira	Soni	URF	Culverts installed
	Akworot – Atiri	Mukuju	URF	Completed
	Merikit - Miwusi – Paya	Merikit TC- sopsop- Mawire- Paya	URF	Completed
	Makauri – Mbula	Petta-Kisoko	URF	Completed
	Pabas - Nambogo – Ngeta 3.5km	Magola-Iyolwa TC	URF	Completed
	Totokidwe - Kalachai - Kochoge - 8km	Apetai-Mukuju	URF	Completed
	Kwapa - Morukebu - Kalait - 5.7km	Kwapa TC - Kaliat	URF	Completed
	Matawa – Ruywelo- 3.8km	Katajula	URF	Completed
	Kisoko - Pajwenda - Poyawo - 13.7km	Kisoko-Pajwenda TC	URF	Completed
	Katajula - Kirewa – Wikusi - 10.5km	Nagongera TC-Kirewa	URF	Completed
	Ruberi – Pusere - 9.6km	Sere	URF	Completed
	Pasindi – Chawolo - 6.5km	Mulanda	URF	Completed, 900mm culverts installed
	Morukatipe – Oriyoi - 11km	Morukatipe	URF	Completed
	TGS - Water works - 5km	Morukatipe	URF	Completed

	Morikiswa – Peipei 4.5km	Kisoko	URF	Completed
	Awuyo – Bumanda 6.5km	Iyolwa-Ojilai	URF	Completed
	Tororo – Kwapa – Salosalo 6.2km	Morukatipe-Rubongi-Mukuju- Kwapa	URF	Road graded and 900mm diameter Culverts installed
	Malikisi road (culvert installation)	Apokrori TC	URF	600mm diameter Culverts installed
Works (Water Section)	Construction of 4 production wells.	Nabuyoga	UGIFT	Works completed
		Katajula		
		Katajula		
	Construction of 3 VIPs in RGCs	Petta	DWSG	Works completed
		Apokori T/C		Works completed
		Mella		Works completed
	Extension of 2km of pipeline in kisoko- peipei Area	kisoko	UGIFT	Works completed
	5 Deep bore hole drilling hand pump lot 1		DWSG	Works completed
	10 Deep bore hole drilling hand pump lot 2		DWSG	Works completed
	6 Deep bore hole drilling hand pump lot 3		DWSG	Works completed
	Supply of bore hole parts		DWSG	Rehabilitation completed.

Annex 24: Table A: Level 3 Service Outcomes and Indicators for District Local Governments

NDP III PROGRAMME	SERVICE OUTCOMES	SERVICE OUTCOME INDICATORS	Data Series		
			FY 2022/23	FY 2023/24	FY 2024/25
Agro-Industrialization	Agricultural Production	Annual growth of marketed agricultural output	2.6	2.7	2.8
Agro-Industrialization	Agricultural Production	Annual growth of farmer organization membership	3.3	3.4	3.6
Agro-Industrialization	Agricultural Production	Annual of registered farmer contacts with extension staff	3	3.2	3.3
Natural Resources, Environment, Climate Change, Land and Water Management	Rural water supply	% of people within 1,000m of an improved water source	63%	63%	64%
Natural Resources, Environment, Climate Change, Land and Water Management	Rural water supply	% of rural water point source functional	89%	90%	90%
Natural Resources, Environment, Climate Change, Land and Water Management	Rural water supply	Share of irrigated arable land	-	-	-
Natural Resources, Environment, Climate Change, Land and Water Management	Safe drainage	Share of drainage network maintained	0.50%	0.50%	0.50%
Natural Resources, Environment, Climate Change, Land and Water	Public health and safety	Access to safe sanitation	80%	85%	85%

Management					
Natural Resources, Environment, Climate Change, Land and Water Management	Public health and safety	Proportion of water sources tested for quality	33%	35%	36%
Natural Resources, Environment, Climate Change, Land and Water Management	Public health and safety	% of people with access to improved sanitation	70%	90%	90%
Natural Resources, Environment, Climate Change, Land and Water Management	Public health and safety	Pupil to latrine/toilet stance ratio	25/1	25/1	25/1
Natural Resources, Environment, Climate Change, Land and Water Management	Water resource management	% of water samples taken at the point of water collection, water discharge point that comply with national standards (Protected Rural Sources)	98%	98%	98%
Natural Resources, Environment, Climate Change, Land and Water Management	Natural Resources Management	District reforestation rate	150Ha	150Ha	180Ha
Natural Resources, Environment, Climate Change, Land and Water Management	Natural Resources Management	Area (ha) of wetlands demarcated and restored	10Ha	10Ha	10Ha
Natural Resources, Environment, Climate Change, Land and Water Management	Natural Resources Management	Proportion of Wetland Action Plans and regulations developed	0	1	2

Natural Resources, Environment, Climate Change, Land and Water Management	Natural Resources Management	Share of licensed polluters	-	-	-
Natural Resources, Environment, Climate Change, Land and Water Management	Natural Resources Management	Share of licensed water abstraction points	-	-	-
Private Sector Development	Enterprise Creation and Growth	Annual growth rate of the local business register	3.6	4	4.80%
Integrated Transport Infrastructure and Services	Reliable District Road network	Share of District roads in fair-to-good condition	453.9	408.51	496.5
Integrated Transport Infrastructure and Services	Reliable District Road network	Share of community access roads in fair-to-good condition	312.21	280.99	336
Integrated Transport Infrastructure and Services	Reliable District Road network	Share of Urban access roads in fair-to-good condition	65.52	58.968	76.5
Human Capital Development	Primary education	Numeracy rate	70%	72%	75
Human Capital Development	Primary education	Literacy rate	80%	82%	83
Human Capital Development	Primary education	Enrolment rate	92%	94%	95
Human Capital Development	Primary education	Performance index	85%	87%	88
Human Capital Development	Primary education	Completion rate	80%	85%	86
Human Capital Development	Secondary education	Competency scores (Proportion of students passing exams)	84%	85%	86
